Acknowledgments

I would like to thank all my friends who honestly helped me out as I was writing the parts of this book: Jaber Khosravi, Sohrab Mirzaie, Adel Mirzaie, Behnam Jalali, Nima Mehrfard, Farzaneh Qolamrezapoor, Hasan Ebrahimi, and all those who were a great help to me. I would also thank Javad Khosravi for his astonishing and outstanding ideas and persistence that always encouraged me to work thoroughly on the project.

My hats off to my parents who evidently helped me not only for this book, but all along my life and I would like to spell my great debt to them:

"Without you, I'm nothing and I feel no existence if I know that you're a little bit disappointed in me. Love you, to the level that you can never imagine."

I would like to thank Dr. Bagheri for the billion favors I need to pay back to him very soon, and I would also like to thank Dr. Fazel, my best teacher and friend ever who changed my life and got me to know myself and whom I love as much as my parents.
