TO THE TEACHER

Workbook A of *New American Streamline Connections* consists of forty units. Each unit relates directly to the corresponding unit in *New American Streamline Connections*, units 1-40.

The Workbook is an optional component of the series, designed to provide language summaries and additional written exercises. It may be used in the following ways:

1. In more extensive courses as additional classroom material, providing extra oral practice and written reinforcement and consolidation of the basic core material in the Student Book.
2. As homework material in more intensive situations.

The Workbook should only be used after full oral practice of the corresponding unit in the Student Book. The language summaries provide material for review.

Another workbook is available for units 41-80 of the Student Book, under the title Workbook B.
