## Introduction

*Progress Toward ILI Examinations: Basic 3* aims at preparing the students for the ILI final exams. The book also provides Basic 3 learners with an opportunity to further practice and use the instructional materials in a variety of exercises.

The book consists of 10 units each containing a practice test. The practice test in each unit has four sections dealing with listening, vocabulary, grammar, and reading comprehension.

There is also one midterm and two final exam practice tests intended to familiarize the students with question types used in the ILI final exams and provide them with an opportunity to experience a sample test.

The students can check their answers to the tests with the answer key. The audio scripts of the listening sections are also available for the students.
