Acknowledgement

The idea of this book arose about 3 years ago that has been done since I have been teaching English in Saleh Institute. Since then, I have worked with Dr. Akbarzadeh who was the head of the institute. For the first time he gave me the idea of 30 pages book about synonym and antonyms. Finally that book with hard working improved to the current book.

In the first place I would like to record my gratitude to Dr. Akbarzadeh for his supervision, advice, and guidance from the very early stage of this writing as well as giving me extraordinary experiences throughout the work. I gratefully acknowledge my wife Maryam for her advice, and crucial contribution which made her a backbone of this book.

I appreciate my students Mohammad Amin Rahimzadeh and Mohsen Khoshbakht for helping me in the process of selection of this book.

I would like to thank Mr Arash Ahmadi from University of California Berkeley for his remarkable assistance.

I am extraordinarily fortunate for having Ghasem Jarchi in the process of selection and editing the book.

I am very grateful to Mr Dashtian, Mr Safarali and all the teachers in Kish Institute who inspired me to teach English.

My special thanks goes to Mr Hatami " my best teacher" without him, I would never find my way in teaching English.

I convey special acknowledgement to Mr Yazdi the publisher of this book. Where would I be without my family? My parents deserve special mention for their inseparable support and prayers. My Father Javad Farahbakhsh is the one who thought me fundamentals of learning. He also showed me the joy of intellectual pursuit since, I was a child. My Mother, Akhtar Mortazavi supported me throughout my career.

I would like to thank everybody who is significant to success of this book.
