Preface

It is no longer than a few months from the publication of the two volumes of 'Nehdat Fātemiyyeh' that we have received both verbal and written helpful information about the influence of the book from different people in various places. The sincere confirmation and encouragement, on the one hand, and the effective guidance and suggestions for the improvement of the Fātemiyyeh Movement project and the goals that should be considered in the publication of the mentioned book, on the other hand, as well as the received new material for the completion of different chapters of the book indicate the support and interest of different levels of people in this regard.

Some have suggested to add new material and to publish the third and fourth volumes of the book. Some others have suggested to publish the miracle and dispensations of Fātemat-uz-Zahrā (p.b.u.h.) that have been already published in 'Nehdat Fātemiyyeh, separately. It has also been suggested to summarize the content of the book in a concise form and to publish it in large numbers. Furthermore, it has been suggested to translate some parts of the book into Arabic, English, Urdu, Azary, etc., for the awareness of the loving friends of Ahl-ul-Bayt (the household the holy prophet), (peace be upon them) in different countries.

These recommendations and suggestions represent the sincere faith and belief of the loving friends of Ahl-ul-Bayt (peace be upon them) and their desire for the expansion of the school of holiness and the spread of the 'Fātemiyyeh Movement' in Iran and other countries. Consequently, it makes us more responsible in this regard. We hope to have a role in this holy project.

For several months, the present compiler was wondering if the divine grace and Allah's favor would be granted to him to fulfill at least one of the mentioned suggestions to honour Hadrat Zahrā-ye-

Mardīyyeh. Fortunately, this divine grace was granted to him and he succeeded to publish the miracles and dispensations of Fātemat-uz-Zahrā (p.b.u.h.), in addition to a summary of the mentioned books in a concise form. The hope is that dispensations of the holy Fātemat-uz-Zahrā (p.b.u.h.) will be the guiding light for the path, the energy for the movement, and compensation for our failures.

In this book, the already published material in the two volumes of 'Nehdat Fātemiyyeh' have been summarized and translated into English to be used by the whole loving friends of Fātemat-uz-Zahrā (p.b.u.h.).
